Kraus on Road Board

With the main interest for Crawford County voters in Tuesday's election centered on the office of Road Commissioner, the race between Gloria Kraus, Democrat, and Glenn Sawyer, Republican, went down to the wire as Kraus turned back Sawyer by 14 votes, 1628 to 1614.

In the contest for the District 7 seat on the County Board of Commissioners, incumbent Fred Kauffman [R] was defeated by Andie Neilson [D] 290 to 266.

District 3 was the only other contested county board seat, with Claude Halstead turning back write-in candidate Mary Harland, 288 to 60.

The other board seats were uncontested, with Matthew Bidvia receiving 134 votes in District 4; Jeannette Kitchen, 155 votes in District 6; Jacqueline Bonkowski, 370 votes in District 5; Lawrence Mattis, 341 votes in District 2; and John Miller, 349 votes in District 1.

Frederic Township voters passed their millage for the fire department with 211 yes against 167 no.

The above tallies are unofficial, subject to the Board of Canvassers statement.

FOR REPORT CARDS AND ASSESSMENT

Open House at High School Thursday

The Grayling High School staff will be holding an Open House for parents from 6:30 to 9:00 the evening of Thursday, November 9. Report cards will be given to parents and the staff will be available for individual conferences. Parents unable to attend may pick up report cards in the high school office during the day on Friday or may request that cards be given to students on Friday.

The open house will be preceded by a meeting for parents of sophomores. The purpose of the meeting is to distribute the individual students results of the 10th grade Michigan Assessment Test. Parents will be given their child's results and will hear a presentation on interpretation of the results. This session will begin in the cafeteria at 6:00 and will run up until the beginning of the open house. Parents unable to attend may pick up their child's results with the report card later in the evening or on Friday.

College application procedures and financial aid will be discussed during meetings for parents of juniors and seniors interested in attending college. These meetings will occur in rooms A2 and A3 at 7:00 and 8:00 during the open house. Counselors Chris Smith and Bill Klinger will lead the discussion.

Parent-Teacher Conferences To Be Held at Middle School

Thursday, November 9th and Friday, November 10th have been set as our fall Parent-Teacher Conference dates. The conferences will be held in the Middle School Gymnasium. We feel that the parents will have a better opportunity to meet with the teachers if the conferences are held in one central location, such as the gym.

Report cards for the first card marking will be distributed to the parents at the conferences.

The dates and time schedules are as follows: Thursday, November 9th - 6:00 to 9:00 p.m.; Friday, November 10th - 2:30 to 5:30 p.m.

Students will be dismissed at 2:10 p.m. on both days that conferences are being held.

In an MHS-conference meeting held Monday night in Gaylord, selections were made by coaches and athletic directors for league "Most Valuable" player award.

able through December 31st, 1978.

For each \$1 certificate purchased Crawford County Chapter/American Red Cross gets .50c - McDonald's way of thanking the citizens of Crawford County for their generous support.

County Adopts Near \$1.6 Million Budget for 1979

by Joe Schrader

Only a handful of people attended last week's Public Budget Hearing which resulted in the Board of Commissioners approving an annual budget for next year of \$1,593,330, up some 11% over 1978.

Ed Lowrie, Board Chairman, commended County Department Heads for their

diligence and concern in making budget requests for next year. Generally, increases in pay amounted to 7% next year for elected and appointed county officials, a figure which includes fringes. A.F.S.C.M.E. (American Federation of State, County & Municipal Employees) will receive a 7% pay hike as a result of a previously nego-

tiated union agreement and the same increase will be granted non-union county employees.

Probably the biggest hike in a single departmental budget went to the Sheriff's Department, where the budget was increased from \$207,000 to almost \$240,000, a boost of almost 15%.

The county employee fringe benefit package was also increased by almost \$46,000, a budget the county has almost no control over. Social Security increases, along with a hike in hospitalization costs, make the budget impossible to control, Lowrie noted.

"It's a tight budget and the Board of Commissioners will be challenged to make it work," commented Lowrie. "It'll take a great deal of cooperation from department heads to succeed."

No increase in per diem or in mileage allowances was granted Board of Commissioners members for next year. [See Budget on page 2]

Grayling High School To Present "Rainmaker"

"The Rainmaker", the romantic Broadway comedy hit about a Dustbowl Cinderella's learning self-confidence from a glib tramp, will be presented at the Joseph Stripe Auditorium on November 30 and December 1 & 2.

Lori Priestap will be star-

red in the role of a rancher's gawky daughter resigned to spinsterhood until a roving con man - to be played by Greg Stancil drops by her father's ranch and teaches her to believe in herself. Others in the cast will be Terry Burns, Steve Allen, John Watkins, Steve Kucharuk and Richard Allen.

The setting for the play is in a ranch house in the Southwest at a time of damaging drought. The family of a father and two sons not only are worried about a lack of rain, but also a lack of suitors for the daughter of the house. The father and the two brothers have tried sending Lizzie on visits away from home, and to entice an eligible but shy deputy-sheriff to come courting, but without avail.

Name Commanding Officer For State Police Lab in Grayling

The Michigan State Police have named a commanding officer for the new scientific laboratory they are establishing at Grayling and have transferred two more specialists to the unit, according to a report by Col. Gerald L. Hough, department director.

Specialist Lt. Robert B. Stacey, 33, has been designated laboratory supervisor. He was initially assigned there a month ago to oversee details on implementing the unit.

Transferred to his staff at Grayling effective October 29, were Specialist Sergeants James S. Berglund, 31, from the laboratory at Madison Heights, and Michael D. Nowak, 36, from the Northville laboratory. Berglund's specialty is firearms, toolmarks, and explosives while Nowak is assigned to latent print work. Nowak enlisted in the State Police in 1967. Berglund in 1972. Both have been in laboratory work for several years.

The Grayling laboratory also has officially added the services of a former Crawford County technician, Carl Lugvliet, to its staff. He has been assisting Stacey in establishing the laboratory activity at Grayling and

was formerly engaged in that work for the county.

The new unit is the seventh regional laboratory to be operated by the State Police. Others are located at East Lansing, Madison Heights, Northville, Bridgeport, Holland and Negaunee. The laboratories are part of

Diabetes Detection Days At Mercy Hospital

Mercy Hospital, in conjunction with the American Diabetes Association will be conducting free testing for Diabetes in the north wing of the hospital on November 8, 9 and 10. The testing will be done between the hours of 1:00 p.m. and 3:00 p.m.

When you come to be tested you will be met by Mercy Hospital Auxiliaries who will help you fill out a medical history form. A Lab Technician will then take a small sample of blood and test it. This test will show whether or not you have a high level of sugar (glucose) in your blood.

If you do, you will be advised to visit your family doctor for further examination. Why wait? Diabetes doesn't! Be Tested Now!

Gen-Tel Plans New Cables for Area

New cables, designed to provide private lines and to meet customer growth requirements, are being installed in General Telephone's Grayling exchange, according to Lois Reagan, division manager for the company.

Construction crews are placing approximately 23 miles of buried cable in the north and west rural area of the Grayling exchange.

Cables now serving Camp Grayling and outlying camps to the west and the Frederic area to the north will soon reach their capacity.

Present forecasts indicate that new growth will continue at approximately 13 main stations per month in the north and west rural areas of the Grayling exchange during the next two or three years. The new cables are designed to accommodate this growth.

"The new cables range in size from 25 pair (50 wires) to 200 pair (400 wires). Each pair of wires will serve from one to four customers," Mrs. Reagan said.

More than \$195,400 is being invested on this customer service expansion and improvement project by General Telephone, the utility manager concluded.

Kiwanis Honors McNally With "Flowers To The Living"

KIWANIS AWARD—Pictured are Charles T. McNally (center) receiving his "Flowers to the Living" plaque from Robert Bovee (left), as President Charles Fick (right) looks on.

by Fay Bovee

Charles T. McNally was the recipient of the Kiwanis "Flowers to the Living" award at a banquet on Monday evening, November 6, 1978, at the Chief Shoppenagons Motor Hotel. The award is given in honor of the Kiwanian's service to his club and to the community.

McNally received a plaque and a single red rose, symbolic of the award. Mrs. McNally was presented with a corsage of miniature mums and red roses. Also attending as guests were the McNally's son, Bob McNally and his wife, of Battle Creek, and an aunt of Mrs. McNally's.

Robert Bovee acted as master of ceremonies, relating important events in Chuck's life as well as his important contributions to Grayling since he has been a resident.

Art Clough gave a history

of the Flowers to the Living program and introduced past recipients of the award and some of the philosophies of the founder of the program. Forney Clement, who always took flowers when he visited meetings.

Charles Fick, president, opened the dinner meeting which was attended by over 40 Kiwanians and Kiwanianesses. Songs were led by Arnold Tucker and Rev. George Spencer gave the invocation and benediction.

Deer Hunters to Buck Heavy Opener Traffic

Although northbound traffic prior to the opening of firearm deer season should be heavy from Friday, Nov. 10 through the morning of the Nov. 15 opener, hunters should encounter few traffic problems to slow them down, according to Automobile Club of Michigan.

"Previous midweek openings indicate that the bulk of Michigan's 700,000-plus hunters should travel to the northern two-thirds of the state on Tuesday, Nov. 14," stated Joseph Ratke, Auto Club Touring manager.

"Traffic on major roads leading north will be heavy that day, but barring any weather problems, hunters should be traveling at maximum speeds everywhere, with two possible exceptions," he said.

In Metrocolitan Detroit, right hand lanes of I-96 are closed in both directions between Novi and Milford roads for pavement repairs.

In East Michigan, northbound I-75 is reduced from three to two lanes near the Zilwaukee Bridge north of Saginaw.

Weekend traffic headed for deer country should be slightly heavier than normal Friday through Sunday, Nov. 10-12. Volumes should be near normal Monday, Nov. 13.

Northbound traffic should be heaviest at these times:

Friday, Nov. 10 - between 3

and 10 p.m.

Saturday, Nov. 11 - between 11 a.m. and 8 p.m.

Sunday, Nov. 12 - between 8 a.m. and 1 p.m.

Monday, Nov. 13 - between 3 and 8 p.m.

Tuesday, Nov. 14 - between 2 p.m. and midnight.

Wednesday, Nov. 15 - between 5 and 10 a.m.

Mackinac Bridge officials expect nearly 25,000 hunter-vehicle crossings both ways before the firearm deer season ends Nov. 30, up about five percent over last season.

Nearly 100,000 buck deer should be taken this season, with most bagged in the first week. That figure is down slightly from last year's record 105,000 kill due to a drop in deer population over the severe winter. The majority of hunters will be in the northern half of Lower Michigan.

Auto Club reminds hunters that they must wear either a hat, vest or coat of blaze orange to hunt public lands.

Auto Club will provide traffic bulletins via radio for traveling hunters between 3 and 11 p.m. Friday, Nov. 10, and 8-15 to 11 p.m. Sunday through Tuesday, Nov. 11-14.

Budget

(Continued from page 1)

A new item costing \$2000 is included in next year's budget, an expenditure that will provide the county a monthly computer print-out of costs expected to give Dept. Heads a quicker assessment of monthly costs. "This is an investment by the county that will help us control costs on a regular basis," commented Lowrie.

A complicated State process involving financing of the local Dial-a-Ride system may well result in continuation of the service through 1979. "We've just been eaten up by maintenance costs," commented Lowrie, "but we expect that various funding methods will allow the operation of the service through 1979." No funding is provided in next year's budget for the operation of the system in the county.

"Generally," concluded Lowrie, "increases in the budget are pretty much mandated, local requests for expenditures have been kept to a precise minimum."

Rainmaker

(Continued from page 1)

rain-deficiency and the siltor-deficiency seems answered when a grandiloquence-spouting rover turns up and promises to produce a fine rainstorm for a mere hundred dollars.

While this swashbuckler of the plains sets about his magical effects upon the clouds, he also begins to work a magic upon the lovely Lizzie. He plays the wooer with her in a barn and teaches her to mix dreams and reality in the right proportions. Even though he is a faker and fails to produce rain for the rancher's crops, he does bring another kind of rain to the daughter's parched heart. Fortified with his teaching, she knows how to win the man who is right for her as a husband.

Written by N. Richard Nash, author of "The Young and Fair," "The Rainmaker" won a devoted admiration from New York theatre goers for four months during the 1954-55 theatrical season. Its production here is being directed by Howard Taylor.

Melissa McEvers was hostess for a Halloween party held at the home of her parents, the Derek McEvers, on Chestnut St. on October 31, 1978. The group of young people arrived in costume to set the tone for a fun-filled evening. Games and refreshments were enjoyed before the guests departed for home.

Airman Sidney Canfield arrived home on leave from Shepherd AF Base in Texas on October 25. He was met at the Traverse City airport by his parents, Mr. and Mrs. John Canfield. He and his wife, Vicki, will leave for his new base at Minot AF Base, Minot, N. Dakota, the end of the week.

The John Canfield home on Chestnut Street is also looking great with new aluminum siding. John is doing a good job of fixing up their home.

GRAYLING, MICHIGAN — THURSDAY, NOVEMBER 9, 1978

From Our Corner ...

This week's corner will be just a few shots here and there as we get back to normal and will not have to listen or read about who is the worst culprit that we have to decide on who will represent us all the way from Washington down to the grass roots ...

Our first shot pertains to Veterans Day, Saturday, November 11th ... Finally, our esteemed legislators have realized that Armistice Day, now Veterans Day, has more meaning to our country than any birthday of ex-presidents or such to just pick a day so everyone can have a day off ...

We will reiterate what we wrote some years ago on how we felt when they were throwing November 11th around to any day they pleased ... We remember back in the early 30's how everyone in school would go down to the old opera house for a program honoring those who had given their lives in World War I, (the war to end all wars). We will never forget ... it was the 11th month, the 11th day, the 11th hour, that we paused in memory of those who gave their lives for their country ...

This Saturday, November 11th, at 11 o'clock, once again you will have the chance to pause and remember those who served their country to the fullest ...

Our next shot is a little ironic ... we should have remembered about it last week ... Anyhow, whoever gets into office should have to take the oath of a quote by Grover Cleveland ... "Public officers are the servants and agents of the people, to execute the laws which people have made."

This came from his letter accepting the nomination for Governor of New York, October, 1882.

Cleveland was a man who believed in the value of honest, hard work, too. In his first inaugural address, March 4, 1885, he said: "However plenty silver dollars may become, they will not be distributed as gifts among the people."

That's the way it was, less than a hundred years ago.

Just a short shot ... We should mention that our city young ones behaved quite well during devil's night, and put forth a bit of soap to windows downtown, which hurt no one ... and Halloween night for the little likes proved a huge success (they got all of our goodies) ... But then we understand there must have been a few of those that are just about to adulthood that decided that where they learn should receive their wrath, because they don't care ... it is sickening that so few can spoil so much ...

To end our shots, we were going to mention we were in T. C. to see T. J. and Stef over the weekend, but, the Leprechaun just came in and informed us it was his birthday, (and all the time we thought it was March 17th). Anyhow, he told us he received a color TV for the bedroom, and with remote control ... there has to be a motive ...

Have a nice weekend ... If we are a bit late with this week's issue, 'tis because of the election ...

BADGERS

The Natural Resources Commission at its meeting on October 13, 1978, under the authority of Act 230 of the Public Acts of 1925, as amended, ordered that for a period of five years beginning on November 1, 1978, no person shall take or attempt to take a badger, statewide.

Arthur Wakeley and family have moved back to their farm of the north side of the river.

The price of potatoes in our market is declining as there is no shipping demand from here, but the tubers are bringing from 12 to 15 cents home more than is paid in surrounding towns.

Mr. and Mrs. F. L. Robbins of Roscommon were in the village a couple of days last week visiting old friends. They are always welcome in Grayling but they do not stay long enough to see them all.

The party given at the opera house last Friday evening by the Eastern Star ladies is reported as an exceedingly pleasant affair. There were about one hundred and fifty present and the social party and elegant banquet were greatly enjoyed by all, while those who wished kept time to the perfect music till the "wee small hours."

Frank Ahman is building a nice looking gas station on U.S. 27 near the bridge. Although the structure is not completed they opened for business last night. The building is new in design and will be a nice addition to that part of town. Henry Ahman will assist his father in the business.

C. Ward bought 70 acres of Gust Engle near Lovells. Judging from the amount of land he has bought up in this county he must have a good opinion of the soil and climate.

A new settler named Brady came Monday to South Branch township to begin building on ten acres recently purchased of Mr. Menon. The land is located on the east half of section 33.

The Bible Speaks

From Calvary Baptist Church

Communicating The Book Of Revelation
Revelation 22:10-15

People who refuse to read and study the book of Revelation because it is a "so called" deep, dark and mysterious book are not following the leading of Christ. It is Satan who keeps people out of this precious book.

Of the counterpart of the book of Revelation in the Old Testament, we read of Daniel: "And he said, Go thy way, Daniel; for the words are closed up and sealed till the time of the end." Daniel 12:9. But concerning Revelation we read: "And he saith unto me, Seal not the sayings of the prophecy of this book: for the time is at hand." Rev. 22:10. The book of Daniel was closed until the church age. The book of Revelation has never been closed. The church age is the time of the end, end times or last times and all books of the Bible are open to us.

Man's response to the prophecy of the book of Revelation is very final in its effect. "He that is unjust, let him be unjust still; and he which is filthy, let him be filthy still; and he that is righteous, let him be righteous still; and he that is holy, let him be holy still." Verse 11. Man's lifestyle after hearing the teaching of Revelation will indicate his ultimate end. If the final plan of God for the earth has no effect on him, nothing else will.

There will be no opportunity to repent and change lifestyles when Christ returns to carry out His promised plan for earth. "And behold, I come quickly; and my reward is with me, to give every man according as his work shall be." Verse 12. Man's salvation or destruction is sealed by what he does with Jesus Christ in this life. His rewards

of blessings in Heaven or punishments in Hell will be determined by his works. There will be no other appeal. Jesus Christ will be the final and eternal authority. "I am Alpha and Omega, the beginning and the end, the first and the last." Verse 13.

There is promised reward and blessing to those who accept Him and His Word. "Blessed are they that do his commandments, that they may have right to the tree of life, and may enter in through the gates into the city." Verse 14.

There is a reminder of rejection for all those who reject Jesus Christ and His word. "For without are dogs, and sorcerers, and whoremongers, and murderers, and idolaters, and whosoever loveth and maketh a lie." Verse 15.

The question immediately arises, have you fully accepted the person and Word of Jesus Christ as revealed in the book of Revelation? You are either trusting His past work for your sins, or awaiting His future work in your judgment. (adv.)

Pre-School Benefits Last Into Adulthood

Dr. David Weikart, Ypsilanti psychologist, has conducted a study which provided dramatic evidence that a pre-school education gives children a head start that continues throughout their elementary school years and may provide advantages in adulthood.

The study compared a group of 123 test children. Half the group attended a pre-school program operated in the Ypsilanti schools by Dr. Weikart from 1962 - 1967. The other students entered kindergarten at the usual age. The children were considered economically and educationally disadvantaged whose prospects for a successful performance in school were poor. The study found the following differences between the two groups:

—Eighty-three percent of the pre-school group performed on at least average levels during their early grade school years, compared with 62 percent of the other group.

—Teachers found the pre-school students better behaved, more disciplined and more motivated than the other students.

—Several of the pre-school students are now in college. None of the other group are.

—Those students who attended pre-school had projected higher lifetime earnings, compared to 10 percent of the other group receiving welfare.

The pre-school program involved specially trained teachers, a specially designed curriculum and weekly visits to each family to encourage parental involvement. Dr. Weikart believes it would be practical and possible to implement such programs on a wide scale. The monies saved from fewer special programs needed during the students elementary and secondary education would cover the cost of the pre-school.

Children in the Crawford-Ausable School District have several pre-schools available to them. The Grayling Cooperative Nursery has several openings in their three and four year old classes. Children who qualify under the Title I criteria of special needs may be eligible for enrollment in the Title I Pre-School program. For further information contact Mrs. Irene Pettijohn at 348-7641.

Anthony J. Nelson, 84, life-long resident of Grayling, passed away Saturday, November 4, 1978 at Mercy Hospital. Funeral services were held Wednesday, November 8, 1978 at two o'clock at Sorenson Funeral Home with Rev. Robert Haskel of St. John's Lutheran Church officiating. Interment was in Elmwood Cemetery. Military rites were under the auspices of the 1071st Maintenance and 1438th Engineer Units of the Michigan National Guard, and the American Legion Post 106.

Mr. Nelson was born on August 11, 1894 to Julius and Ann Marie at 308 Ionia Street, where his sisters, Margrethe and Olga Nielson, still reside. Tony graduated from Grayling High School in 1913. In 1917 he enlisted in the Armed Forces and trained with the 34th Division of the 109th Engineers at Camp Cory, new Mexico. He was then sent overseas where he served in France, returning home in 1919. It was during that year that the first organizational meeting of the American Legion was held in Grayling.

Tony was the First Adjutant elected. He has been a member of the American Legion ever since. He also served as building chairman for the present American Legion building and supervised the construction of that building without the aid of architectural plans.

He was elected Supervisor of Grayling Township and served in that capacity for six years, and also served his community as Village Fire Chief for ten years.

On October 27, 1928 he was married to the former Clara Hanson of Houghton Lake. To them were born three daughters - Caroline, who resides in Spokane, Washington; Marjorie of Okemos; and Barbara of Long Beach, Calif., who survive, as well as 5 grandchildren. His wife Clara passed away on October 31, 1949.

On October 24, 1958 he and Marie, who survives, were married in Flint.

In 1933 Mr. Nelson started to work as Maintenance Superintendent for the State Highway Department in Grayling, advancing to Superintendent for Oscoda & Montmorency Counties.

For a period of over fifty years, Mr. Nelson owned a farm in Beaver Creek, where he had a caretaker.

His favorite sports were fishing, bowling and hunting. He enjoyed many fishing trips to Canada.

In 1963, after retiring from the State Highway Department, he returned to Grayling and lived at 701 Chestnut Street.

On September 5, 1976, the Grayling Booster Club honored Tony, along with Harold "Spike" MacNeven and Alfred Hanson with a Day of Appreciation.

For many years he served as President of the Portage Lake Park Company, better known to most people as the organization at Danish Landing, and maintained the position of Secretary and Treasurer.

Pallbearers were Don Smock, Cecil Canfield, Jimmy Harris, Don Sorenson, Bill Joseph and Larry McNamara. Honorary pallbearers were Jim Post, Carl Johnson and Harold Long.

Memorial contributions may be made to the following: Diabetes Association, the Cancer Society or St. John's Lutheran Church.

Youth, age share values

Richard Milliman

It may come as something of a surprise to some of us oldsters, but in many respects, teenagers today are pretty much the same as their grandparents were back in the 1920's.

Oh, they're a bit less religious, and a bit more tolerant of dissent; on the other side of the coin, they're about the same in their orientation to patriotism, social justice and the work ethic.

So claims Theodore Caplow of the University of Virginia, who is in charge of a federally financed study checking back on opinions in Muncie, Ind., and comparing them with similar research conducted in 1924, and again in the Depression years.

The most recent survey covered 3,200 high school students in Muncie, a city of 80,000 population.

"In this Midwestern community, we found much less disintegration of traditional social values than is commonly described by observers who rely on their own intuitions," Caplow reports.

For example, 3 out of 4 believe the United States is "unquestionably the best country in the world," and about half accept the slogan, "My country, right or wrong." These results are down only 15 and 10 percent respectively from 1924.

About half of today's teens feel the American colonies were entirely right in and England entirely wrong, in the American Revolution compared with 40 percent in 1924.

Teenagers hold many of the same religious beliefs as their grandparents, the research shows, but fewer feel it is wrong to go to movies on Sunday (only 8 percent against 33 percent); fewer feel the Bible is an adequate guide to modern problems (54 to 74 percent); fewer feel that Jesus Christ was perfect (67 versus 83 percent; and more believe the theory of evolution offers a more accurate account of the origin and history of humanity than a literal interpretation of the Bible (50 percent now, against 28 percent then).

"It appears that in this middle-sized, Midwestern city, some of the attitudes of the post World War I era have

persisted with remarkable tenacity," the research concludes.

While we're dealing with percentages and such, let's look at a few other statistics, unrelated except that you find them all in this column:

-A large food store firm in the east recently sampled the tardiness records of its 12,000 employees, and found that the average full time employee's rate of late arrivals cost the company 7.4 days of work last year. That amounts to being more than a week late for work, and that's a lot of added cost for any company to absorb.

-According to The Army Times, the Pentagon's 26,000 employees use 25,000 telephones in their jobs, and ring up a monthly telephone bill of \$750,000. Who says talk is cheap?

-An accounting firm in California reports that the average cost of business letters dictated to a secretary now costs \$4.77 per letter, up 6 percent from last year. In 1930, the cost was 30 cents a letter. Obviously the written word is not cheap, either.

-A recent poll of 5,000 families found that 59 percent of workers are "satisfied" with their jobs and another 29 percent are "very satisfied". About 10 percent said they were "dissatisfied," and another 3 percent described themselves as "very dissatisfied." Job satisfaction was highest in the 25 to 44 age group and among white collar workers; least happy workers were those under 25 and in blue collar jobs.

Some closing Nuts and Jolts from Hod Shewell:

-Some college men should be penalized for holding...and they're not even on the football team.

-It's not really cricket to drink too many grasshoppers at a cocktail party.

-When it comes to fast food, lobster and crab run a dead heat for last place.

-It's easy to get a poolside room in a motel when it's snowing.

-"Little Big Horn" is a junior high band member playing a tuba.

-Smelt is a good name for any fish that's been lying out in the sun for 3 days.

Charles and Carol Stone are proud to announce the marriage of Patricia Ann to Joseph Wayne Bushey. Patricia and Joseph chose to speak their vows in the front yard of the home of Mr. and Mrs. Edward Bushey, parents of the groom. The Most Honorable Judge Emil Kraus officiated at the Saturday, October 21st ceremony.

The bride wore a tiered peach gown with matching veil and carried a bouquet of roses accented with baby's breath. The Maid of Honor, Paula Naujakas, the bride's aunt, chose a blue and white gown. The Best Man was Dave Hill.

The newlyweds honeymooned in the Upper Peninsula and in southern Michigan, spending a few days at the groom's sister's home, Mrs. Catherine Hubble.

The couple will make their home in Grayling, where Joe is employed as an inspector at Automatic Specialty Company.

Bishop Szoka Dines With Pope John Paul II

GAYLORD--On Tuesday, Bishop Szoka met with reporters requesting an interview concerning his trip to Rome for the installation of Pope John Paul II.

He told those present that "we believe the Pope is the true successor of Peter and head of the apostles. We also believe that the bishops of the world are the successors of the apostles in the sense of the college of apostles. It does, then, have special meaning for a bishop to be present with the chief apostles on such an occasion. This was my major reason for going."

On the day following the installation Pope John Paul II invited the Polish bishops and all bishops of Polish descent to have lunch with him. This was unheard of since Popes usually dine alone.

"There was no special distinction at table. He sat with us and ate a regular Italian meal of pasta and salad," Bishop Szoka said.

In describing the physical appearance of the new Pontiff Bishop Szoka noted that he is a man of great strength. "He has a dynamic personal presence. When he enters a room there is no doubt that he is in charge, that he is the Pope. But besides that you are aware of his outstandingly gentle and warm nature."

Bishop Szoka also responded to questions about Pope John Paul's position on issues. "I don't think he will pose any

radical theological changes but I think he will bring some new incites. Some new areas of emphasis.

We ought to keep in mind that this Pope is coming from another country. He will bring to the Papacy a whole fresh perspective."

He went on to say that, "People in this country think of our problems but Cardinal Wojtyla has faced very different problems in Poland. The government of Poland is Communist. They are clearly under the strong direction of Moscow."

Pope John Paul has been able to work with this government while never accepting communism. He recognizes the reality that the government is Communist. Yet it is the country of the Polish people. The people have to make it work."

Bishop Szoka also stated his guess is that Pope John Paul II will try to develop the notion of collegiality to a higher degree in the church. "I think he will try to involve the bishops of the church in a much greater degree in the larger decisions affecting the Church. And, again, this is probably due to his background. He has had to solve problems in Poland with the other bishops. He was not in a position of easy communication with Rome."

Whether or not the Pope will visit the United States, Bishop Szoka could not say. He did comment that the few moments he personally spent with the Holy Father were very moving.

End season with 3-6 record Vikings Outlast Boyne City, 8-6

The Grayling Varsity Football squad closed out the season here at home last Friday night with a satisfying, 8-6 win over the Boyne City Ramblers. The win set the season record for the Vikes at 3-6 and Grayling's

MHS-conference record concluded at 2-5.

An alert play by Grayling's Geoff Stancil put the Vikes on the board early in the game when he picked up a Rambler fumble and scampered 60 yards to paydirt. A Skip Olsen to Billy Luckstead pass nailed down two more points and the Vikes led, 8-0. Boyne City's Bill Hoagland tallied in the third quarter for the Ramblers but an alert Vike defense stymied what would have been a tying, 2-point conversion attempt and Grayling held on to post its third season win.

Jerry Luckstead led the Viking ground attack with 62 yards. Mark Kibbe followed with 45 and Todd Duncley added another 21.

Coach Bill Klinger credited Matt Mahaney for his defensive effort for recovering two errant Rambler fumbles. Defensive back George Bindschatel picked off a Boyne City aerial to record a Vike interception.

Jerry Luckstead led the Viking tackling game with 10, while Bindschatel, Joe St. John and Matt Mahaney added 8 apiece.

In the Viking JV contest in Boyne City Thursday night, the squad came home licking their wounds in the wake of a 22-0 whitewashing at the hands of the Ramblers. What tells the tale in this contest is the fact Grayling could only muster 78 yards in total offense throughout the contest. The JV squad ended the season with an overall, 4-5 win-loss record.

In other local grid action

last week, the Freshmen, in their last contest, felt "the agony of defeat" for the first time this season, losing to West Branch, 36-12. Danny Luckstead and Brian Yoder tallied the two TD's for Grayling.

Grade Four Jr. Deputy Program

A new puppy has many needs. He needs the proper food, water and lots of love. He also needs to see his doctor, (veterinarian). The veterinarian will give him his rabies, distemper and any other vaccinations he may need to live a healthier life. The veterinarian also takes care of this or her claws and checks for all the different types of worms your puppy can get. After your puppy(s) is grown he will still need booster shots. Also to keep down the overpopulation of puppies many people have their pets spayed or neutered. Also your dog(s) after six months must have a license.

ROOC, Inc. Dedicated

The Department of Vocational Rehabilitation is providing a second grant of \$200,000 to R.O.O.C. Sheltered Workshop which will enable doubling of the present facility.

Dedication of the present facility at Pioneer Hills was held Sunday, Oct. 22. Groundbreaking for the workshop occurred nearly two years ago. An open house also was held Sunday.

Workshop Director Larry Meier explained after the ceremony the workshop of 60 by 120 feet is intended to serve 100 clients. In the course of a day, 150 clients are being served now, he continued.

The addition to the side of the workshop by the current play ground area will give more work and storage space, he said. It will enable the workshop to serve 30 more clients, he added. Jack Gretzinger, COOR Intermediate School District Superintendent, said the \$200,000 grant represented 80 percent state funds and 20 percent local match. He said the local match could and would be earned with no direct local tax dollars.

R.O.O.C. Inc. will pay off the amount over a period of years. The local match from the first grant of \$40,000 has nearly been met with only about \$600 remaining.

An emotional Ralph Sperry, West Branch, gave some history on the start of the workshop about seven years ago in the old Gerrish Township Hall. The workshop later was moved to St. Helen in a building provided by the Gerrish-Higgins School District.

Wilma Crawford came to Sperry in 1967/68 and asked about a trainable program for retarded persons. Federal funds were obtained, said Sperry, and the program later picked up by COOR before it was mandatory. The same was done with a program for severely mentally impaired later, said Sperry. She in the mid 1980's had a class in her home for children needing special help, he noted.

Speakers including Sperry read off lists of names of person who had contributed to the establishment of programs for special education. The list included original workshop coordinator Ann Fishel, Basil Godbold, former COOR superintendent, and the DeWitt family which donated the land at Pioneer hills for the COOR and R.O.O.C. facilities.

COOR Board members at the dedication were Jim Kolka, Grayling; Jim Rutledge, Roscommon; Lynn Sohn, Houghton Lake; Junior Clemens, West Branch, and Ray Swartzen-druber, Mio.

Clemens is president of the R.O.O.C. Board. Other members are Sohn, Mary Tarr, Gretzinger and Les Stanley.

Stanley served as emcee and coordinator for the program. He recently received a special gavel for having served as president of the Area Assn. for Handicapped Citizens.

Dick Bufkin, Bureau of Rehabilitation, also was present at the dedication. Present, too, were candidates for local and federal offices.

Stressed by speakers was the fact the workshop was dedicated to the handicapped citizen. Thanks was extended to

STRONG HANDS OF PRAYER

A man's hands grow stronger when he clasps them reverently in prayer, seeking the power and love of God.

History documents the confusion and futility that have marked mankind's efforts to solve problems without God. When we have chosen to struggle alone—alone we have struggled.

It is not weakness then, but wis-

dom, which inspires prayer. Those disciples of Jesus who were destined to share their faith with men of all nations and times asked very simply: "Lord, teach us to pray."

In church next Sunday... and in the privacy of your own home today... make positive use of the precious gift of prayer. It will make your hands stronger for the tasks at hand.

Downtown Merchants Hear About the 'New 'GRY''

by Joe Schrader
The Downtown Merchants met last Thursday in regular monthly session and learned about a number of upcoming events in the Grayling area. The noon meeting at Chief Shoppenagon's Hotel was chaired by Club President Ernie Dawson, who explained plans for the downtown annual "Moonlight Madness" Sale, scheduled this year for Monday, November 20th. Participating downtown merchants will feature sale items from 7 until 10 p.m.

Dawson also reported that one week later, the 27th, from 7 to 9 p.m., a Christmas Lighting ceremony would be conducted downtown, with participating merchants putting up lights to herald the advent of the Christmas Season. The event will feature a downtown parade in which the high school band is expected to participate, along with others who have exhibited interest.

Bob Cole reported on the Red Coat Roundup, set for the November 15th Deer Season Opener, and outlined activities occurring at the "Buck Pole", located at the downtown City Park. Prizes in a number of categories will be awarded that same evening at the Grayling Red Barn.

Marty VanDeVen told members in attendance that plans were being formed up for next year's Winter Carnival, a festival scheduled for two consecutive weekends, February 10-11th and 17-18th. Some 39 events are already being planned, and Marty indicated that workers will be needed from here on to assist with the various activities now being arranged.

WGRY Station Manager, Pete Allen, was guest speaker at last week's meeting and termed his company's position as one of "promoting growth in the Grayling area." He outlined a number of the radio station's plans for the future, which included:

—Longer news reports, particularly in the morning.
—School closings and bus reports featured on the air this year.

—"For Your Protection" will be provided twice on Mondays, compliments of the Roscommon Sheriff's Dept.

—State Police and Department of Natural Resources reports will be regularly featured.

—The Crawford County Sheriff's Dept. and City Police will have regular reports.

—"Job Alert" will also be reinstituted.

—A School Superintendent Report will be a new radio item, aired once a week.

—A regular Chamber of

Commerce report is being planned.
The Radio Station also announced that an application had been filed to increase the station's power outage, but that approval of such a request and implementation could take as long as three years.

On Sunday, the Golden Touch staff spent all day at a Redken workshop in Traverse City. It covered a combination of all facets of RK, including design, waving and hair coloring.

A Multi-Image Show

Grayling Series to Present Hawaii Thursday Evening

On Thursday evening, November 9, the Grayling Community School Program will present the next exciting full-color, true-life adventure of their 6th annual Travel and Adventure season. This spectacular, multi-image presentation of Hawaii will begin in the Grayling High School Auditorium at 7:30 p.m. Doors will open at 6:45, and tickets will be available at the door. This exciting travelogue promises to be something just a bit different in that the travelogue artist, Mr. Steve Gonser, will present the film on a giant, 28-foot screen, making use of sixteen projectors and a computer. The film will be accompanied by a live narration by Mr. Gonser, as well as appropriate music and sound, taped on location.

"Hawaii" is a perennial favorite among travelers, and this wide screen adventure begins with a departure from a busy mainland jetport. Your first touchdown is on the garden island of Kauai to see Spouting Horn, a sort of ever-erupting Old Faithful of the islands. On Hawaii's only real river cruise, you'll go up the languid Wailua River to visit the Fern Grotto where many Hawaiian weddings are performed. On this tiny speck in the Pacific, Waimea Canyon rivals the gorges of the rest of the world, and on the northern coast you will get a look at the precipitous slopes of the Na Pali Cliffs.

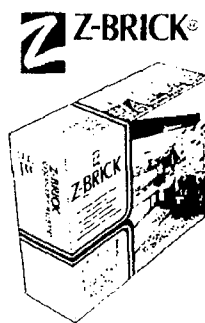

Much Hawaiian history revolved around Oahu's Iolani Palace, but today state government is conducted in a new volcano-shaped structure. These old and new capitol buildings offer a great contrast of architectural style. Waikiki Beach is always a place for family fun, but you will also find many other bays and beaches to offer water sports. You'll be amazed at the breath-taking beauty of flowers in the Lei Day Festivals and in the Kamehameha Day Parade. Pearl Harbor is one of the world's great natural ship harbors, and a cruise boat will take you to much of the action. From the harbor area you will see both sugar cane and pineapple being harvested, and, in Kapiolani Park, the ever-popular Kodak Hula Show recreates for you the ancient Hawaiian skills of story-telling and hula-dancing.

Price of admission to this exciting and different adventure is just \$2.00 per person. A savings of up to 50% can be obtained by purchasing the money-saving Passports to Adventure which are good for six admissions, which may be used at the discretion of the owner. Both single admission and Passports to Adventure can be purchased in advance at the Grayling Community School office or at the door the night of the performance.

Cynthia Jean O'Mara and Herbert Scott Olson were united in marriage Friday, September 1, 1978 at St. Mary's Catholic Church. Father Thomas Neis officiated at the five o'clock ceremony. The church was decorated with white glads with blue accent flowers. Music was provided by Nancy Hoffman and Trish Duley.

The bride was given in marriage by her father. She was attired in a white wedding gown and carried a red rose. The groom was given in marriage by his mother. He was attired in a tuxedo and carried a white rose. The bride's mother wore a dusty rose long gown. The groom's mother was attired in a long sleeved, V-neck, floor length, mauve gown.

The bride is a 1975 graduate of Grayling High School and a 1977 graduate of Ferris. The groom graduated from Grayling High School in 1975, attended Ferris for two years, and is now attending MSU.

Kolb Earns M.A. Degree

Charles L. Kolb of Grayling, was one of 760 students from this area earning degrees at commencement exercises in August at Central Michigan University. He was awarded a Master's Degree.

In all, 392 received bachelor's degrees while 950 earned master's degrees and 4 completed the requirements for the specialist degree.

This Central Michigan University graduating class, like most, was comprised of students representing CMU's nine bachelor's degree programs, the 60 curricula leading to seven master's degrees and the nine curricula leading to three specialist degrees.

O.E.S. News

The regular meeting of Grayling Chapter #83 O.E.S., held on November 1, 1978, contained many interesting events.

The Grayling Chapter was honored by a visit from June Baxter of the Living Star Committee of the Grand Chapter of Michigan. Sister June, who is a member of Lewiston Chapter #516, brought greetings and information from the Cheney-Robinson Grand Family. As she was the honored guest of the evening, Worthy Matron Lillian Houghton presented her with a Bible.

Also, the Altar and Charter were draped in remembrance of the deaths of members of the Order. Then too, Associate Conductress June Ryan and Organist June Feldhauser were duly installed. And Associate Matron Virginia Millikin was presented a Proficiency Certificate from the Grand Chapter by her instructor, Past Patron Clive Marshall.

Finally, present and past Chaplains, Marthas, and Organists of the Order were honored with the presentation of a Certificate of Honor by Worthy Matron Lillian Houghton.

This year members have agreed to make a donation to Community Services to be given to needy families of the Grayling community rather than exchanging Christmas presents at the annual Christmas Party which will be held after the December regular meeting. At the conclusion of the November regular meeting, members retired downstairs to a tasty luncheon of cake, ice cream, coffee and tea.

Vikettes Post 2 League Wins

by Joe Schrader

Grayling High School cagers, under Head Coach Marilee Cheney, posted two important MHS-conference victories last week, the first against Cheboygan in an away contest Tuesday, 54-47, then eked by Boyne City here at home Thursday night, 50-48.

According to Coach Cheney, the win over the Chiefs represented a "complete team effort, both offensively and defensively."

Karen Hanson topped the Vikes scoring with 18 points, Maribeth Good added 11 and hauled down 18 rebounds. Jane Baynam chipped in with 8 points, as did Regina Methner who had 12 rebounds as well. Shelley Fick rounded out the scoring with 5 points. The Viking cage squad was 12 for 17 from the free-throw line.

Against Boyne City, the Vikes upped their conference record to 4-5 with the win. The 50-48, 2-point victory was "close all the way", according to Coach Cheney, "but our girls basically controlled the game throughout." Sherri Reed poured in 16 points to lead the offensive attack and Jane Baynam, in her first start, added 11 points and had 11 rebounds. Karen Hanson, according to Coach Cheney, played a "nice floor game", and also chipped in with 10 points. The Vikes out rebounded Boyne City 51-26 with Maribeth Good hauling down 14 to lead the Vikes, while Regina Methner had nine.

Things were not so positive on the JV scene as the squad dropped the preliminary contest to Cheboygan, 48-19 and lost to Boyne City on Thursday, 31-21. The Vikings hosted St. Ignace in another conference tilt Tuesday night.

The officers of the Frederic Alumni Association met at the home of Helma Post to discuss further plans for the 1979 Alumni Banquet, which will be held June 30, 1979 at Auman's House of Catering. It was decided at the August banquet that the graduates from 1944 to 1948 "Warriors", who lived in the Frederic School District but graduated from Grayling would be eligible to join. Also, those students who started the 9th grades in the Frederic School but graduated from Grayling, due to consolidating - 1967 to 1969, would be included. The only stipulation being they can not belong to both Frederic and Grayling Alumni Associations. You may call Steve Olson at 348-8391.

We would like to congratulate Mr. and Mrs. Dennis Deman of Alaska on the birth of their baby boy. Grandparents are Mr. and Mrs. Robert Weaver.

YOUR WEEK AHEAD BY DAMIS

Forecast Period - November 12 - 19

- ARIES** Mar. 21-Apr. 19 It's a week of new ventures. A week you will be doing something that never, in the past, appealed to you.
- TAURUS** Apr. 20-May 20 An associate will knock you off stride. The advice you will be given will make you less sure of yourself. It happens!
- GEMINI** May 21-June 20 The seed of dreams may be planted into reality. Don't neglect tasks at hand. Your mind on job could slip.
- MOONCHILD** June 21-July 22 A fast talker, who will promise you the whole world, could be in the scheme of things this week. Avoid!
- LEO** July 23-Aug. 22 It's a day for being way out. As the week progresses, you will meet someone whose thoughts are in the shade.
- VIRGO** Aug. 23-Sept. 22 Take no one for granted — especially your mate or similar alliance. Affairs of the heart are not too good.
- LIBRA** Sept. 23-Oct. 22 It's a day of romantic mischief. Stay in bounds. This week could find you in deep trouble.
- SCORPIO** Oct. 23-Nov. 21 Simply, make it through the week — you probably feel as though you are going from nowhere to nowhere. It will change.
- SAGITTARIUS** Nov. 22-Dec. 21 Don't bargain off tomorrows for todays. You have a very important decision to make. Forget the mischief.
- CAPRICORN** Dec. 22-Jan. 19 You are being imposed upon by a member of the opposite sex. Just make it through the week without an explosion. Ignore.
- AQUARIUS** Jan. 20-Feb. 18 You will miss out on something this week because of your unawareness. Don't fret — it will be to your advantage later!
- PISCES** Feb. 19-Mar. 20 Avoid any "unholy" alliances. Don't conflict among your associates. You must do a little straddling.

Kirtland Audubon Meeting

The Kirtland Audubon Society will meet on Thursday, November 9, at 7:30 p.m. in the Natural Resources Room at Kirtland Community College.

Mr. Bob Whiting, Field Representative of the Michigan Audubon Society, will present a slide lecture entitled "The Four Seasons". This lecture begins with the winter season showing snow scenes, winter birds in the field, birds at the feeding station, and the quiet beauty of a late spring snow. On melting patches of snow, we find the first Robin and from here we go into the rush of spring. The spring story is two-fold, the story of a beech-maple forest and the ecology of a swamp. One of the highlights of this series is the building of a tree blind in a Great Blue Heron colony with the subsequent courtship, nest building, and family life of the Herons. Summer is represented by roadside flowers and nesting birds. Fall is shown with its harvest of fruits and lovely autumnal coloration.

All community members are invited to attend. School age children are welcome. If you have any questions about the society or the program, please call Marilyn Rost at 348 5189.
